

iSPOS

Power with Precision

AS EASY AS IT LOOKS

Retail • Resort • Hospitality • Marine

Stay ahead with SENOR's fanless terminal iSPOS, its solid aluminum die-cast casing body maintains a strong and compact look, and it has an innovative mechanism designed to prevent dust, oil and water from harsh environments. iSPOS is specially designed to satisfy customers' needs of ergonomics and work efficiency. For the best convenience, iSPOS has a unique ergonomic card reader tilted 30 degrees toward users developed for customers' comfort, and its aluminum casing and fanless design help customers to clean it easily.

SENOR
